

# TRANSPORTATION ASSISTANCE (IWK HOSPITAL)

May 2026

## ELEGIBILITY FOR TRANSPORTATION ASSISTANCE

Children under the age of eighteen who need treatment for orthopedic issues, spinal cord conditions, burns, or cleft palates and reside more than fifty kilometers from the IWK are eligible for transportation assistance. Families should note that the Philae Shrine Centre will reimburse expenses solely for travel to Halifax for orthopedic, cleft palate, or burn treatments. Expenses incurred for other medical purposes at the IWK, such as eye or hearing treatments, are not covered.

## APPLICATION PROCESS

Families can obtain the transportation request form from the Philae Shriners website at [www.philaeshrine.ca](http://www.philaeshrine.ca) by navigating to the 'Apply for Assistance' section in the drop-down menu. The increased availability of information online has enabled families to directly access the application form, resulting in a higher volume of submissions from both families and organizations, such as IWK Social Work Department. Upon receipt of the application at the Philae Records Office, the applications are evaluated, and those that align with the Shrine Mandate receive approval from the Hospital Transportation Chairperson. Any applications that raise concerns are further assessed by a Noble who is a medical doctor.

## CONFIDENTIALITY

All medical information is managed professionally in compliance with PIPETA, ensuring that patient data remains confidential and is exclusively utilized by the hospital's professional team.

## REIMBURSED EXPENSES

Philae Temple will reimburse \$0.35 for each kilometer traveled to the IWK Hospital based on their home address registered with the Philae Shrine office. This assistance is intended to help with expenses such as fuel and meals. Furthermore, additional funds will be provided to patients driving from Prince Edward Island to cover the toll fees for the Confederation Bridge or Ferry as well as the tolls for the Cobequid Pass.

Families needing several days of outpatient care for their child can reach out to Ronald McDonald House to check for room availability. If accommodations can be arranged, a nightly donation of \$15.00 will be requested. To reserve a room, please call 902-429-4044 or make a booking online at the Ronald McDonald House Maritimes website: [Stay - Ronald McDonald House Maritimes](#)

The following meal rates have been established and are the maximum reimbursement that will be paid:  
For out-patients (clinic visit and RMH stays):  
\$20.00 per day for one adult;  
\$20.00 per day for the patient  
For in-patients (when child is admitted):  
\$20.00 per day for one parent.

In cases where a child is admitted, Philae Shriners will reimburse one parent for meals at a rate of \$20.00 per day, starting from the second day of admission. Additionally, for children receiving ongoing outpatient care, Philae Temple will provide a reimbursement of \$40.00 per day for meals.

Money to assist with expenses can be collected from the Social Work Department at the IWK upon the conclusion of the hospital visit. Receipts for these expenses shall be submitted to the Philae Shrine Center at the address provided below as soon as possible after the visit to the IWK.
